

Introduction to the 2010 AIS **PROPOSED** BALLOT

The purpose of posting this Proposed Ballot is to allow hybridizers and introducers to review the Ballot, checking for errors. Please take this opportunity to inspect your areas of interest and let me know if you have questions or concerns.

On approximately the first of March the Proposed Ballot will be removed from the website, corrections made, and then sent to the printer. The Official Ballot will be mailed the last part of March.

We expect to have the Final Ballot posted on the AIS website during the first two weeks of April. You will be able to print a copy of the Ballot, just as you could last year.

NEW: This year all AIS Judges of record will be able to *vote the ballot online!* There will be a secure site and judges will need a name and password in order to fill out and submit their Ballot. There will be more information coming explaining the process.
