

# Exhibition Report Summary

BY ADAM CORDES, MICHIGAN

Iris shows are without a doubt one of the best resources our society has to promote the growth and culture of the iris flower. Last year (2023) saw a slight increase in approved iris shows throughout the country. With ninety-seven approved shows and only three of them canceled for a total of ninety-four shows, it results in seven MORE than in 2022. Congratulations to all who participated in organizing, promoting, hybridizing seedlings, exhibiting stalks or blooms, and making artistic designs at these shows. Well done!

The recipient of the Nelson Award for 2023 is Thomas Johnson's TB 'Marry The Night' (T. Johnson 2017) with three votes. This newer plicata sure has the branching to show on a bench! Layton and Sue Gossage's stalk that won Best Specimen of Show at the Middle Tennessee Iris Society Show portrays the branching quite well. Runners up for the Nelson Award were the historic and popular space-age TB 'Thornbird' (M. Byers 1989), TB 'Bashful Look' (T. Johnson 2021), TB 'Haunted Heart' (K. Keppel 2010), TB 'Flash of Light' (T. Johnson 2008), and quite excitedly the historic LA 'Dixie Deb' (F. Chowning 1951). The Nelson Award is given to the iris variety winning Best Specimen of Show award at the most AIS sanctioned shows in the calendar year.

There was quite a flurry of SEEDLINGS exhibited at shows this year, which is absolutely wonderful! Ballots were received giving a sizable 331 votes cast for new and exciting seedlings strutting their stuff at the shows. A total of fifty-six Exhibition Certificates were awarded, and seventeen of those came from ballot votes cast by judges attending shows (The Best Seedling of Show automatically receives an EC.).

'Marry The Night' (Thomas Johnson 2017, TB)

© CHRISTINA BOYS

I anticipate, and am hopeful, that next year more shows will be seen around the country. Let's do our best to promote this wonderful rainbow of a flower—the "poor man's orchid"—the IRIS to our friends and neighbors!

Iristatically Yours,  
Adam Cordes
