

Exhibition Report Summary

BY ADAM CORDES, MICHIGAN

Dara Smith wins Best Specimen of Show for 'Lady Of Lometa' at the Iris Society of Austin. © JIM LANDERS

Great exhibition news for 2024! This year, there was an increase in the number of shows and the number of iris entries. In addition, we saw two exhibition reports from Canada and two virtual show reports. If all the 9,409 flower exhibits, the total of this year's entries, had been at one venue it would have been a sight to behold! Can you imagine? This total doesn't even include the number of designs from the Artistic Divisions that many of our clubs and societies provide.

This year there were 106 approved shows and only three needed to cancel because of an irregular bloom season in their area. The grand news is that the number of shows has increased, again, from the previous year. Adding in to the reports received this year were two shows from our wonderful Canadian neighbors in the North, as well as two virtual iris shows. How exciting! Let's keep it up as we continue to promote the "flower of the rainbow!"

New to the Exhibition Report this year is the presence of virtual iris shows, which you may find interesting and a possible prospective avenue of participation. They are certainly a modern way of promoting the culture of irises, and the intrigue increases when you consider some clubs, societies, or sections could host online virtual shows.

This year was Linda Barnette's second time exhibiting irises at a show, and this is her second time winning Best Specimen of Show.

© LINDA BARNETTE

one of them was a foundational species of the LA group, *Iris fulva*. This year may also be the first time that a Louisiana iris tied with a TB for the Nelson Award!

The Nelson Award recipients are LA 'Lady of Lometa' (Jim Landers, 2013) and TB 'Tuscan Summer' (Keith Keppel, 2010), each cultivar placing as Best Specimen twice throughout 2024. Amusingly, 'Lady of Lometa' was selected as Best Specimen at two different shows on the same date and in the same state.

Congratulations, everyone, and keep up the good work!

Iristatically Yours,
Adam Cordes
